

4 Courses

**Introduction to  
Cybersecurity Tools &  
Cyberattacks**

**Operating Systems:  
Overview, Administration,  
and Security**

**Cybersecurity Compliance  
Framework, Standards &  
Regulations**

**Computer Networks and  
Network Security**

09-May-2021

**Syed Muzzamil Ali**

has successfully completed the online, non-credit Specialization

# IT Fundamentals for Cybersecurity

This specialization provided the learner with knowledge of cybersecurity concepts, tools and processes; compliance frameworks; system administration, operating system and database vulnerabilities basics; types of cyber attacks; and basic networking. The learner also gained knowledge around important cybersecurity topics such as cryptography and digital forensics. The learner's knowledge was tested through multiple assessments throughout the courses within this specialization.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
